

Leading health system improvement

The Washington Health Alliance brings together those who give, get and pay for health care to create a high quality, affordable system for the people of Washington state

Welcome from Executive Director Drew Oliveira

Last month I became the new executive director of the Washington Health Alliance after having supported the Alliance for years as a former Board member, physician participant, and health plan leader. It is an honor to serve with such a dedicated staff and Board of Directors on the crucial work of improving the health of all Washingtonians.

We are grateful for your commitment and support of our collective mission. Looking toward the future, we will build on our efforts to better inform how the value equation of cost, quality, and appropriateness of health care align in all our communities.

Video highlights from the Alliance's *Between the Shades* screening, panel discussion

In honor of Pride Month, the Washington Health Alliance hosted a screening of *Between the Shades*, a documentary by director Jill Salvino.

For those who were not able to attend and those who would like to watch it again, the Alliance has put together a video that includes the conversation and interviews with panelists and those who attended.
